The theme for State of the Browser 2019 is going to be **“Basics, focussing on web standards”**. We are looking for talks which outline the best and most adventurous ways of working in browsers.

■ History

London Web Standards

London Web Standards brings together web professionals who are working for a better web. Our monthly meetups provide them with an opportunity to teach, inspire, learn, network and debate. Each meetup features a speaker drawn from our membership or the wider standards community. The talks cover a range of topics including HTML5, CSS, JavaScript, accessibility, web fonts, Design Systems, UX and front-end performance. londonwebstandards.org

State of the Browser

In 2011 London Web Standards organised a one day conference focusing on the 'State of the Browser' at Ravensbourne. The Event was attended by 140 web professionals. The event was streamed live over the internet and at its peak was watched by over 200 people. The conference was then repeated in 2012 and 2013, with 175 delegates. In 2014 we moved to our new venue, the lovely, historic Conway Hall, Red Lion Square, Holborn. In 2014 and 2015 we had close to 400 attendees. In 2016 we took a year off and returned in 2017 & 2018.

Feedback

"Honestly I think that was one of the best conferences I've been a part of"

"I felt the talk slots were timed and scheduled well and it was an honour to be part of the panel at the end"

"I'm trying really hard to think of what you could do better next time!"

Philosophy

State of the Browser and London Web Standards, is not and never has been about money we are all about the community. Which is why we aim to keep the cost of the conference to a minimum just cover our costs, last year tickets were £25 and we also gave away 40 tickets to students. This year tickets are £30.

■ Sponsorship

Sponsoring SOTB 2019 will give you access to up to 400 web professionals at the event, more via our mailing list and more via our twitter account, event website and talks posted on Vimeo (all talks are filmed).
